

Erasmus Plus in Malta

ExAct Malta is a Maltese company, located in Valletta and dedicated to the management of education and training mobility projects for students and adults. We receive participants from all over Europe and we organise for them internships in different vocational areas, as well as professional visits and seminars and courses for school education staff.

Mobility projects can generally be funded by the European Erasmus+ programme or European Social Fund, but also by regional or local funds. We actively participate, as promoters and partners, in European projects such as Erasmus+ KA1 and KA2 and Partnerships in the following topics: mobility, employability, entrepreneurship, development of soft skills, digital skills, etc. At international level, ExAct Malta collaborates with different international organisations such as VET schools, high schools, universities and public entities and associations.

We provide also design, consulting services and management for Erasmus+ initiatives in KA1 and KA2 actions.
